

The meeting was attended by the following members of the Committee:-

1. Sh. Pawan Garg,
Chief Environmental Engineer
2. Sh. Rajeev Kumar Goyal,
Environmental Engineer

At the outset, Environmental Engineer, Member Convener, welcomed the members of the Committee and informed that;

- a) The matter regarding convening of meeting by the Co-ordination Committee was discussed with the Member Secretary of the Board and he desired that the existing Co-ordination Committee should convene a last meeting to dispose off the cases received till date.
- b) The Senior Scientific Officer could not attend the meeting as he has been appointed as Executive Magistrate by the District Administration due to Dera Sacha Sauda row and informed that other members of the Committee may hold the meeting.

Thereafter, the agenda items were discussed as under:

Item No.01 Application for obtaining passbook under rule 6 of the Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 – M/s Vass International, Vill. Gobindgarh, Fauji Colony, Sua Road, Ludhiana.

The industry has applied for obtaining Pass Book under Rule 6 of the Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016.

The Committee considered the application submitted by the industry and after detailed deliberations, the Committee decided to issued afresh Pass Book to the industry for procurement & recycling of lead acid battery plates / scrap @ 2,400 TPA subject to usual conditions and the special conditions as under:

1. This Pass Book is valid till the industry is having valid 'consents to operate' under the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981 and the authorization under the Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 of the Punjab Pollution Control Board.
2. The industry shall obtain & submit registration under the Batteries (Management & Handling) Rules, 2001, within 3 months.
3. The industry will not use condemned / used lead acid batteries as raw material, without installation of proper & adequate effluent treatment plant for the treatment of acid drained out from the old batteries, failing which Pass Book issued to the industry will be withdrawn without giving any notice / opportunity and Zonal Office-II, Ludhiana shall ensure the compliance.
4. The industry shall ensure that recovery of lead from raw material (old drained / dry lead acid battery / lead acid battery plates & lead scrap) will not exceed from the percentage of lead in the raw material.
5. The industry shall not use raw material other than as specified in category 17 of Schedule-IV of the Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016. In case, the industry is found using any other raw material, the passbook issued to the industry shall be withdrawn without any notice / opportunity to the industry.

6. The industry shall ensure regular lifting of hazardous waste and also ensure that the quantity of hazardous waste generated per year shall not be stored beyond 90 days in its premises at any time.

Item No.02 Application for obtaining passbook under rule 6 of the Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 – M/s Grace Impex (India), #74, Tibba Focal Point, Ganpati Estate, Umaidpur, Sahnewal, Dehlon Road, Ludhiana.

The industry has submitted application for issuance of passbook under rule 6 of the Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 for procurement & recycling of zinc ash / skimmings @ 7,000 TPA & zinc dross @ 2,000 TPA.

The Committee considered the application submitted by the industry and after detailed deliberations, the Committee decided to issue afresh Pass Book to the industry for procurement & recycling of zinc ash / skimmings @ 7,000 TPA & zinc dross @ 2,000 TPA subject to usual conditions and the special conditions as under:

1. This Pass Book is valid till the industry is having valid 'consents to operate' under the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981 and the Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 of the Punjab Pollution Control Board.
2. The industry shall ensure that recovery of zinc from raw materials will not exceed from the percentage of zinc in the raw materials.
3. The industry shall not use raw material other than as specified in Schedule-IV of the Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016. In case, the industry is found using any other raw material, the passbook issued to the industry shall be withdrawn without any notice / opportunity to the industry.
4. The industry shall not engage in trading of its raw materials at any time.
5. The industry shall not procure / recycle / zinc ash / dross beyond the permitted capacity.
6. The hazardous waste generated from the re-finishing / reprocessing process shall be disposed off as per the Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016.
7. The industry shall ensure regular lifting of hazardous waste and also ensure that the quantity of hazardous waste generated per year shall not be stored beyond 90 days in its premises at any time.

Item No.03 Application for obtaining passbook under rule 6 of the Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 – M/s Gursewak Oil Industry, D-5 P, Industrial Focal Point, Abohar, Distt. Fazilka.

The industry has submitted application for issuance of passbook under rule 6 of the Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016.

The Committee considered the application submitted by the industry and after detailed deliberations, the Committee decided to issue Pass Book to the industry for procurement & recycling of used oil @ 1,500 KL/Annum subject to the following conditions:

1. This Pass Book is valid till the industry is having valid 'consents to operate' under the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981 and the authorization under the Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 of the Punjab Pollution Control Board.
2. The industry shall obtain a copy of the analysis report of the used oil to be procured from the generator at the time of each procurement and submit the same to PPCB.
3. The industry shall ensure the concentration of various parameters in the fuel derived from waste oil, as per maximum permissible limits prescribed in the Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016.
4. The industry shall maintain the records of above mentioned recyclable wastes procured for re-refining / reprocessing and submit the Annual Returns regarding utilization of such wastes to the PPCB as per Form prescribed in the Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016.
5. The hazardous waste generated from the manufacturing process including the residue generated in re-refining of used/waste oil shall be disposed off as per provisions of the Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016.
6. The industry shall submit quarterly reports giving details of used oil/waste oil procured, quantity of the products manufactured and sold (supported with Central Excise / Sales Tax details), quantity of waste generation and its mode of disposal, to PPCB.
7. The industry shall ensure regular lifting of hazardous waste and also ensure that the quantity of hazardous waste generated per year shall not be stored beyond 90 days in its premises at any time.

Item No.04 Application for obtaining passbook under rule 6 of the Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 – M/s G-2 Industries, Lakhowali Road, Vill. Dhab Khushal, Jalalabad (W), Distt. Fazilka.

The industry has applied for obtaining Pass Book under Rule 6 of the Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016.

The Committee considered the application submitted by the industry and after detailed deliberations, the Committee decided to issued afresh Pass Book to the industry for reprocessing of used lead acid batteries @ 1,875 TPA subject to usual conditions and the special conditions as under:

1. This Pass Book is valid till the industry is having valid 'consents to operate' under the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981 and the authorization under the Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 of the Punjab Pollution Control Board.
2. The industry shall ensure the compliance of effluent / emissions standards prescribed by the Board / MoEF&CC.
3. The industry shall ensure the compliance of the Batteries (Management & Handling) Rules, 2001.
4. The industry shall ensure that recovery of lead from raw material (used lead acid batteries) will not exceed from the percentage of lead in the raw material.

5. The industry shall not use raw material other than as specified in category 17 of Schedule-IV of the Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016. In case, the industry is found using any other raw material, the passbook issued to the industry shall be withdrawn without any notice / opportunity to the industry.
6. The industry shall ensure regular lifting of hazardous waste and also ensure that the quantity of hazardous waste generated per year shall not be stored beyond 90 days in its premises at any time.

Item No.05 Application for obtaining passbook under rule 6 of the Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 – M/s Deepak Industry, C-32, Industrial Focal Point, Moga.

The industry has applied for obtaining Pass Book under Rule 6 of the Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016.

The Committee considered the application submitted by the industry and after detailed deliberations, the Committee decided to issued afresh Pass Book to the industry for reprocessing of used lead acid batteries @ 1,875 TPA subject to usual conditions and the special conditions as under:

1. This Pass Book is valid till the industry is having valid 'consents to operate' under the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981 and the authorization under the Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 of the Punjab Pollution Control Board.
2. The industry shall ensure the compliance of effluent / emissions standards prescribed by the Board / MoEF&CC.
3. The industry shall ensure the compliance of the Batteries (Management & Handling) Rules, 2001.
4. The industry shall ensure that recovery of lead from raw material (used lead acid batteries) will not exceed from the percentage of lead in the raw material.
5. The industry shall not use raw material other than as specified in category 17 of Schedule-IV of the Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016. In case, the industry is found using any other raw material, the passbook issued to the industry shall be withdrawn without any notice / opportunity to the industry.
6. The industry shall ensure regular lifting of hazardous waste and also ensure that the quantity of hazardous waste generated per year shall not be stored beyond 90 days in its premises at any time.
