Subject: Clarification regarding Historical religious places in the siting guidelines for rice shellers & saila plants.

It is intimated that one of the applicant had asked for the information under RTI Act, 2005 on siting guidelines for rice shellers & saila plants to clarify as to whether "historical, religious places" is one term or different terms i.e. historical & religious places.

In reference to above, the Board has clarified to the applicant that "Historical religious places" and "Historical, religious places" are one and the same thing as mentioned in the notification dated 13.9.2006 for siting guidelines for rice shellers, saila plants.

This is for your kind information for future reference please.
