

Annexure-21**How to calculate the fee to be deposited by the industry on a/c of increase in the value of fixed capital investment**

The industries, which are applying first time, the calculation of consent fee shall be @ as applicable at that time and subsequently increased rates in the following years. The investment for calculating the fee will be as per the C.A. certificate w.r.t gross fixed assets(GFA) at that time. The industry will submit the year wise C.A certificate for all the previous years for which consent fee is to be calculated. In case of non-availability of records of the gross fixed assets of the previous years, the last available value of the gross fixed assets as certified by the C.A. will be taken as the base for calculating the consent fee for the previous years. In addition to the consent to operate fee, the industry will also deposit the consent to establish fee for the increased component of the gross fixed assets wherever there is an increase in the gross fixed assets.

An illustrative example for calculating the fee in the above mentioned case is as under:
Suppose, the industry was commissioned in October,1996 and the gross fixed assets at the time of commissioning were Rs. 'A' and its gross fixed assets increased to Rs. 'B' in the year 1999 and then to Rs. 'C' in the financial year 2005-06.
